Reviews from Tripadvisor and Silver Travel Advisor

'A very friendly Company'

So far I have been on 4 days out with this Company over the last year, each time the driver has been very friendly to everyone on the coach, it seems that quite a lot of the passengers are regulars on the day trips and so get to know each other. This time we went to Ryde in the Isle Of Wight, being picked up in Bristol at 8:45 and after a comfort break, we arrived at the Hovercraft departure point by 12 noon to be whisked off to Ryde by the only Hovercraft in the U.K.

'Great service at great price'

I started working with Matt in March to arrange to take a group of 14 from Bath to Chipping Campden where we would start our hike on the Cotswolds Way. I had contacted 3 other companies and Matt gave us the best deal by far. Over the next few months, a few things changed but Matt accommodated us w/out complaint. The day before our journey, Matt sent an email with our driver's name and phone number which was much appreciated. The day of our journey, the coach arrived early at our hotel in Bath which meant I didn't even have time to fret about the day's arrangements! Our driver helped load our luggage and we were off. He knew exactly where we were going and dropped us at the front door of our inn. Door to door service at a great rate...what more could you ask for? We would definitely use Bugler Coaches again

'Best Coach Operator'

At 86 yrs and losing my husband with dementia my days were very lonely, I miss his company, the car and the trips we took in the summer. I Plucked up courage to phone a coach company for a brochure. What an opportunity, it picks me up at my nearest bus top and drops me there on return. I have made so many travel friends, many who are widows or widowers like myself. The trips we chose were all the places, as a family we spent many holidays at, I sat facing the sea and remembered all those lovely memories of the past. Took a slow walk to buy a cuppa or an ice cream the coach was never very far away for me to sit in if tired I sat in the same seat for my return. All the drivers of this company are kind, understanding and helpful beyond the call of duty. They always took the scenic route through familiar villages. The prices are good value, then one is given the choice to enter any attractions we may wish to see, gardens, castles, lakes and we pay the entrance fee. Having gained my confidence later in the year I took a 4-night trip to the Lake District. The hotel was superb, the daily trips were interesting, the coach was always near outside the hotel. The drivers were happy welcoming, the hotels were clean and exceedingly comfortable with plenty of good food. I am looking forward to meeting many of my new travel friends. Bugler Coaches is the name of the coach company that saved my widowhood depression, gave me a reason to travel.
